STATEMENT OF SIGNIFICANCE

Beall High School in Frostburg is a Modernistic masonry structure that was built in 1941. It was designed by Robert Holt Hitchins, a Cumberland architect who also designed the Cumberland Post Office on Pershing Street. The architectural plans are dated 15 April 1939. An addition was built in 1945 and a major extension of the facilities was erected in 1971.

The building represents an architectural style not commonly found in Allegany. While dominantly rectilinear in feel, the horizontaility probably reflects the influence that the Art Deco style had on the otherwise verticle Modernistic form.
